DIRECTIONS FOR USING THE GUIDE.

THE INDEX.—London stations are shown under their respective alphabetical headings.

Routes to London from all parts of the country are given under the general head, "London."

Where * precedes the page number (thus: *542) it denotes that the reference will be found in the Train columns or in the Notes on the page indicated and *not* in the Station column

A ¶ after a Station in the Index signifies that the Station is closed for passenger traffic. A Bus Service is available in most cases.

Branch Lines and Junctions.—When Branch Lines are shown in the Main Line Tables they are indicated by the Stations being indented, *i.e.*, set a little to the right——Thus on page 348, *Sheerness-on-Sea* is a Branch from the Main Line.

To proceed from a Station on a Branch Line to any Station on the Main Line, refer as follows:—

EXAMPLE.—From SHEERNESS-ON-SEA to DOVER.

		mrn
Page 359		
SHEERNESS-ON-SEA	departure	6 35
Sittingbourne and Milton Regis	arrival	6 55
Page 348.		
Sittingbourne and Milton Regis	departure	7 3
DOVER (Priory)	arrival	8 35

When a Branch is *separated* from the table of the Main Line, THE ARRIVAL AT THE JUNCTION WITH THE MAIN LINE must be ascertained, and then reference made to the departure *from* the junction to the place required.

EXAMPLE.—From MARKET HARBORO to EUSTON.

		mrn
Page 471.		
MARKET HARBORO'	departure	9 22
Northampton, Jn with Main Line	arrival	9 58
Page 425.		
Northampton	departure	10 19
LONDON (Euston)	arrival	11 55

Where a Branch Line is shown, and the arrival on the branch is later than the departure, as Yeovil (Town), page 170.

		mrn
Yeovil Junction		9 33
Yeovil (Town)	arr.	9 47
	dep.	9 28
Yeovil Junction		9 39

Yeovil Junction is the Junction for Yeovil (Town). The arrival 9 47 is the time at which a train arrives at Yeovil (Town) from Yeovil Junction, and the departure, 9 28, the time at which a train leaves Yeovil (Town) for Yeovil Junction to connect with the Main Line.

Other Trains.—Where a train service is not complete on one table a note is inserted giving the pages where the additional trains will be found. When consulting the tables it is necessary to examine the pages carefully for these notes.

Departure and Arrival Times.—Where the abbreviations dep. or arr. are given opposite a station they indicate that the times shown for that station are departure *or* arrival times *only*. In cases where several stations in the same table show dep. or „ as on page 412, Euston to Bletchley, and arr. or „ as on page 821, Hitchin to King's Cross, a note is inserted giving the Local Table where the departure *or* arrival times may be found.

Bold Figures (116), opposite the name of a Station, refer to other pages containing the tables of lines in connection at that point. When placed opposite the name of a Station printed in small capitals (thus HULL), they imply that the DETAILS to or from that place may be found on the page referred to. Figures in the Station Column in L·N·E·R Section of the Guide (pages 81 -1062) refer to Table Numbers.

Letter References (thus, **A**, **A**, **A**, **Aa**, *A*, **a**, *a*),—Reference must be made to the corresponding letters in the notes.

Dark Lines.—A mark thus Stop, Stop, or —— indicates the total stoppage of the train at that point; if any train be shown below in the same column, it is an independent one.

Shunts.—These are indicated by a thin line [thus ⌐ or thus ¬] and show that Passengers are enabled to continue their journey by changing into the next train.

See page 102, 9 46 aft. train from Didcot, by which passengers *from Stations to Oxford* are enabled to pursue their journey by changing at *Oxford* into the following train.

Slip Carriages.—A mark thus Slip opposite a Station denotes that a Slip Carriage is detached, and Passengers wishing to be set down there must be careful to get into that carriage.

Sunday Trains.—Passengers commencing a long distance journey on Saturday or Sunday, when the destination will not be reached till the following day, are recommended to consult the detailed tables covering the whole of the Route (references to which are always given), as the Train service on Sundays often differs from that on Week Days. This is especially important where the departure time at the starting point is shown in connection with the tables containing in detail a section only of the journey.

Thus, on pages 506 and 507, for Saturday and Sunday departures from London (E.), Birmingham, and Manchester, to connect at Crewe, a reference to pages 414 to 422 (London, Eus.), 476 (Birmingham), and 516 (Manchester) for the intervening services, may prevent misapprehension.

580,000 RAILWAYMEN *are maintaining a Vital National Service*

To the task of maintaining this Service, the British Railways have brought the skilled assistance of more than half-a-million railwaymen and women—all animated by the spirit of service and the will to win; they have also brought the mighty contribution of

50,000 Miles of Track
20,000 Locomotives
60,000 Passenger Vehicles
646,000 Freight Vehicles
76 Docks, Harbours and Wharves
11,000 Horses
25,000 Horse-drawn Vehicles
10,000 Road Vehicles

Primarily this vast machine is harnessed to the tremendous requirements of the Forces and of Home Defence; at the same time the British Railways continue to provide the public with the best possible services.

GOODS BY RAIL

Railway Transport, essential in peace, is vital in war. The heavy demands which war-time conditions impose on a transport system—the needs of defence requirements, the movements of essential food supplies and the provision of an adequate public service—these require the smooth running efficiency which railways provide. When you send your goods by rail—

- **Pack goods securely.**
- **Label goods clearly, using black ink on white paper.**
- **Have goods ready for despatch early in the day.**
- **Do not delay vehicles effecting collection and delivery.**
- **Do not detain wagons a moment longer than is necessary.**

This will help the railways to help you. Their efforts are a worthy contribution to the national defence.

THE RAILWAY EXECUTIVE COMMITTEE

PASSENGER FACILITIES

In spite of the heavy National demands on the Railways, passengers by train can *still* obtain:—

- **Cheap day tickets**
- **Monthly return and week-end tickets**
- **Season tickets**
- **Traders' tickets**
- **Workmen's tickets**

Full particulars of the services being operated are obtainable at any railway station, office or agency.

The British Railways are carrying on.

THE RAILWAY EXECUTIVE COMMITTEE

CARRYING ON

The War-time Control of the British Railways is now vested in the Railway Executive Committee.

This Committee is anxious to provide the public with the fullest and most efficient service, for both passengers and freight, which lies within its power. The task of meeting the War-time transport needs of the nation is a tremendous one, and there are many urgent calls which must, in the national interest, be met. The Railway Executive Committee has a triple responsibility: the movement of war traffics, the distribution of essential food and other supplies and the continuance of transport for the civil population. The whole efforts of the Railways will be devoted to the successful fulfilment of these tasks.

Cash on Tour

A tourist can cash his own cheques anywhere in Great Britain. The Manager at your own Branch will be pleased to pave the way in any given town so that your drawings may be honoured within pre-arranged limits The business at this end takes only a few moments; nothing but a cheque book need be carried, and the utmost ease and safety are enjoyed. Or if you prefer the handy 'Travellers Cheque' of £2, £5, or £10, your Branch can sell them to you over the counter according to your needs

FARES, etc.

ORDINARY FARES.

There is no precise rate for fares applicable without exception to British Railways. In the left hand column of the Time Table pages in this Guide will be seen the distance in miles from various places, and generally speaking, fares are based upon a mileage rate not exceeding 2·625d. per mile for First Class, and 1·575d. per mile for Third Class. The following are the chief exceptions:—

Where there are two or more routes from any one point to another, the fare is based upon the shortest distance, *e.g.*:—

Euston to Manchester—183 miles	1st, Single,	£2	0	2
St. Pancras to Manchester—190 miles	1st, Return,	4	0	4
King's Cross to Manchester—203 miles	3rd, Single,	1	4	2
Marylebone to Manchester—206 miles	3rd, Return,	2	8	4

Local fares are frequently reduced below the 1·575d. per mile rate, and in certain cases there are slight differences arising from various reasons.

MONTHLY RETURN TICKETS.

Monthly Return Tickets will be issued for use on the outward and return journeys by any train any day within one calendar month (**including day of issue**) between any pair of stations in Great Britain (excluding L.P.T.B.—local and joint line—stations). The price of these tickets is ordinary single fare and one-third for the double journey Third Class; First Class fares 50 per cent. over the Third Class fares; minimum fares First Class 3s. 9d., Third Class 2s. 6d. except on the Southern Railway whose minimum fares are First Class 7s. 6d. and Third Class 5s. 0d.

The Monthly Return Tickets carry the same Break of Journey facilities as Ordinary tickets.

ALTERNATIVE ROUTES.

Ordinary Return and Monthly Return Tickets all enjoy certain advantages in respect of alternative routes for the return journey. Particulars can be obtained from the Company issuing the ticket.

CHEAP DAY TICKETS.

Third Class Cheap Day Return Tickets at approximately ¾d. per mile are issued from a large number of Stations to Shopping Centres and Market Towns available by most ordinary trains, and, in other cases, on specified days by convenient trains; First Class Tickets are issued at 50 per cent. over the Third Class Fares.

In the case of tickets issued to London, Cheap Day Tickets are only available by trains leaving the departure stations after 10-0 a.m. On the return journey from London, the tickets do not permit the holders to travel on trains departing between the hours of 4-0 p.m. and 7-0 p.m. on Mondays to Fridays inclusive.

SLEEPING CARS.

First and Third Class on certain long distance night trains. Charges, 15s. 9d. or 21s. in addition to the First Class fares, and 6s. 6d. or 7s. 6d. in addition to the Third Class fares. Berths must be booked in advance.

RESTAURANT CARS.

Limited Restaurant Car facilities are provided daily on over 130 of the principal long distance trains.

Bradshaw's Guide—October, 1939

The Emergency Time Tables of the G.W., Southern, L.M.S., and L.N.E. Railways are shown in this issue, also the latest information for all Miscellaneous and Irish Railways.

In the L.M.S. Section of the Guide (pages 412 to 807) the tables do not embody the times of other Companies' connections. These may be traced by reference to the pages indicated by the folios shown in the station columns of L.M.S. tables.

Since going to press with the Train Service pages, notice has been received from the various Railway Companies that numerous additions and alterations are contemplated, and these, together with complete Through Tables and connections, will be included in the November issue, to be published as early as existing circumstances permit.

Bradshaw will continue to be published monthly as hitherto.

Distances between Stations in the same Town or between Stations serving the same Places.

The following list gives the distances to or from Stations between which passengers may wish to make a change which cannot be effected by the medium of the railway itself. Special attention is given to cases of converging routes possessing no junction, the nearest points of convergance being carefully indicated:—

Distance between two Stations of the same Company and between which a Service of Trains is established (to be found in the body of the Guide), as Edinburgh (Waverley) and Edinburgh (Haymarket), are *not given*. Nor has it been possible to include many hundreds of distances between Stations in large cities and urban districts, such distances being matters of purely local interest.

In places where more than one Station exists, and where no information appears below it must be understood that the Stations are either—

(1) Absolutely contiguous, as Evesham (G. W.) and Evesham (L. M. & S.
(2) Practically contiguous, as Gloucester G. W.) and Gloucester (L. M. & S.) or
(3) Within 2 or 3 minutes' walk, as Oxford (G. W.) and Oxford (L. M. & S.).

POPPY DAY IN WAR TIME

For 18 years British people have given freely to Lord Haig's Poppy Day Appeal. Their generosity has built up the World's finest beneficent organisation for men who have served their Country in War.

With the tragedy of War again forced on us, OUR NEEDS ARE GREATER.

The men now serving, and those who will be serving in the anxious days ahead, are to share with their fathers of 1914/18 the benefits of all British Legion schemes of assistance.

POPPY DAY is of even greater importance in War time. It is unquestionably the finest medium through which you can help those who serve the Empire.

DONATIONS AND POPPY SELLERS

These are our urgent needs. Please send gifts and offers of help to your local Poppy Day Committee or to

HAIG'S FUND, CARDIGAN HOUSE, RICHMOND, SURREY

TWO GENERATIONS NEED YOUR HELP

PLEASE BE VERY GENEROUS
